About Us

We welcome you and your child to join us for an early learning adventure! Our philosophy is to provide ‘a place to grow’ in a safe, inclusive, and fun environment where children are treated with dignity, respect and care. Waterloo Co-operative Preschool offers child-lead, interest-based activities, with the view that children are capable, competent, and curious learners. We utilize [How Does Learning Happen](#) pedagogical approaches in our planning and in our classroom by asking inquisitive questions and by supporting critical thinking. Our RECEs educators, staff, and volunteers engage children's interests, and help to foster a sense of wonder and engagement as they explore enriching, hands-on experiences.

Committee Membership

As per the co-op philosophy, all families may join the Board of Directors, serve in a volunteer committee position, and/or serve as a classroom volunteer. Committees are described in our [Parent Handbook](#) and are all essential to the operation of the preschool. Committee roles amount to approximately two hours of work per month. All committee and classroom volunteer roles are available on a first come, first served basis and are assigned in order of necessity. If you are unable to participate in a committee, you may be able to pay an opt-out fee, however, there are a limited number of opt-out spaces available, and opting out will be granted on a first come, first served basis. Please contact our Administrator if you would like to opt-out.

Our classes

We offer three unique programs at WCP:
